Percepts of Wellness: Changing Your View of Living

Percepts of Wellnes (PsOW) is a path of enhanced physical, emotional, mental, fiscal and spiritual well-being! Percepts reflect our individual view or understanding of cultural-bound objects or ideas involving our perceptions or our sensations. This talk will provide and challenge the attendee with views or understandings that lead to potentially different percepts of mental and physical wellness that our culture presently sees as “normal” or typical. Eleven unique percepts of important consideration will be illustrated.

FREE ITALIAN BUFFET, DRINKS AND PRIZES
